

GRANWAX
Products Limited

For the perfect wood floor

GRANWAX
Products Limited

Granwax Products Ltd has been manufacturing high quality wood floor seals, finishes, cleaning and maintenance products for timber and Granwood Flooring Systems since 1912. With Headquarters in the heart of Derbyshire, Granwax has a team of expertly trained specialists conveniently located to provide help and advice on a variety of different projects throughout the country. This team can also be called upon to offer advice in - subfloor preparation, floor laying and adhesives, machine operation, floor preparation and seal application, games line markings, floor maintenance and cleaning methods.

Since its inception Granwax has been constantly looking at ways it can improve its products in line with its customer's requirements and needs. This has led to the development of a range of specialist products including traditional timber floor finishes, adhesives, hardwax oils, its EZee maintenance product range and wood floor polishes. Alongside this, the company has created, within its water-based finishes range, products which have zero VOCs and zero solvents making them the perfect choice for sensitive projects, as well as the environment.

Granwax finishes, for timber and Granwood floors, are the first choice for leading architects, specifiers, local authorities, contractors and site managers, as well as the DIY domestic market and end users. Our name is synonymous with quality and we plan to build on this quality over the next 100 years.

FINISHES
WATER BASED
FLOOR FINISHES

MASTERFINISH & MASTERFINISH SPORT

Masterfinish is a fast curing, 2-component water based polyurethane finish, designed for all wood floors subject to heavy wear.

Ideal for use on wood block, strip and parquet flooring in all locations where maximum durability is required, such as schools, retail premises and sports floors. Very low VOC.

Available in Silk, Satin, Matt, Ultramatt and Sport.
Masterfinish Sport complies to BS7044 & BS EN 14904 under dry conditions.

- *Hardwearing for heavy sports use*
- *Conforms to sport finish standards*
- *Superb finish*
- *Easy to apply*
- *Fast drying and curing*

Available in:

5 Litres

GP EXCELL & GP EXCELL SPORT

An extremely versatile polyurethane wood floor finish, ideal for use in commercial, retail, domestic premises and sports facilities. **GP Excell** and **GP Excell Sport** has been designed for specifiers and professional contractors looking to achieve a blend of high performance and first class appearance.

The advantages for contractors and end users include fast drying times, a choice of finishes (Gloss, Silk, Satin, Matt, Ultramatt and Sports), low odours and very low VOC.

- *High quality waterbased polyurethane finish - one pack formulation*
- *Easy to apply. Excellent levelling and defoaming*
- *Fast drying and rapid hardness development*
- *Extremely durable and scratch resistant*
- *Very low VOC*
- *Sport finish meets BS EN 14904 for slip resistance, under dry conditions.*

Available in:

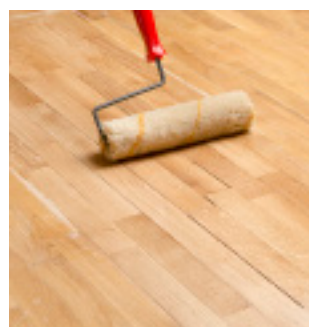

5 Litres

WATER BASED FLOOR FINISHES

WATER BASED FLOOR FINISHES

GP EXTRA

GP Extra is particularly suitable for cork and pine due to its flexible structure. It provides a fast drying, superb durable finish, which enhances and give durability to all types of timbers. Available in 4 sheen levels: Gloss, Silk, Satin and Matt.

- Waterbased hybrid polyurethane finish
- Ideal for use in light commercial and domestic premises
- Easy to apply.
- Excellent levelling and defoaming
- Fast drying and rapid re-coating times
- Extremely durable and scratch resistant
- Low VOC
- Self priming - does not need separate primer unless extrawood colour enhancement is required or contamination present

Available in:

5 Litres

GRANFINISH

Granfinish has been specially formulated for use in retail, commercial and leisure premises, where maximum durability and minimum 'downtime' is essential.

Fast curing, 100% cure after 16 hours, enabling floor access in a shorter time period than if a conventional finish has been used.

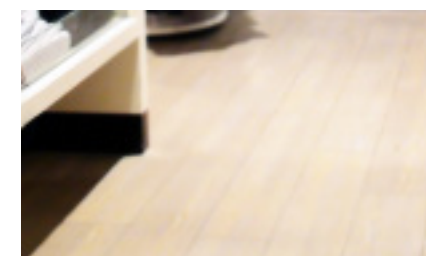

- Very low VOC. Available in Gloss, Silk and Satin finishes.
- Easy to use
- Fast drying and curing
- Retains natural wood colour
- Hardwearing for domestic or medium commercial use

Available in:

5 Litres

WATER BASED FLOOR FINISHES

WATER BASED FLOOR FINISHES

NATURE

Nature is the latest eco-friendly wood floor finish added to the Granwax range of high quality seals and finishes.

Gives super flat-matt appearance and adds the warmth, texture and colour enhancement normally associated with wax, oil and solvent based finishes.

A unique blend of linseed oil based resins and is made from 85% renewable resources, with zero VOC's and zero solvents.

- *Eco formulated*
- *Zero VOC's*
- *Zero Solvent*
- *Made from 85% renewable resources*
- *Super flat matt - natural wood look and feel*
- *Easy to apply*
- *Recyclable packaging*

Available in:

5 Litres

SAFEFINISH

Safefinish is a fast curing 2-component water based polyurethane finish, designed as a top-coat for all interior wood floors, to help minimise the slip potential on floors which are particularly subjected to liquid ingress through foot traffic and spillages.

The clear formulation will not significantly change the appearance or colour of the floor. Provides a Matt finish (approximately 7% sheen level).

Safefinish is ideal for use on wood strip, block, parquet and mosaic flooring in locations that are subjected to heavy wear and where maximum traction is of the utmost importance, such as public houses, bars and restaurants, public buildings and retail premises, stair treads, etc. Safefinish cannot be used on floors which are used for sporting activities.

Available in:

5 Litres

WATER BASED FLOOR FINISHES

WATER BASED FLOOR FINISHES

GRANGLAZE

Granglaze is an oil modified polyurethane finish, extremely versatile and recommended for use on all types of hardwood strip, block and mosaic floors. Also for softwood and cork.

Available in Gloss and Satin sheen levels.

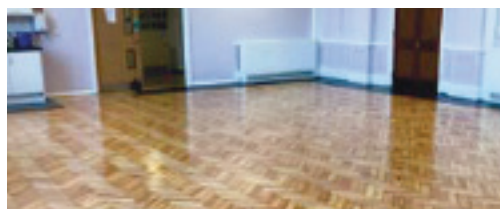

- Traditional oil based formula
- Polyurethane for durability
- Ideal for hard and softwood floors
- Can be used on interior woodwork
- Gives excellent wood colour enhancement

Available in:

5 Litres

SOLVENT BASED SEALS & LACQUERS

Available in:

5 Litres

Granseal is a blend of oleo-resinous varnishes, linseed oil and white spirit. Penetrating, free-flowing and extremely easy to apply. Seals off the floor, preventing the absorption of grease and dirt, whilst offering good protection to the surface.

Recommended for use on composition block (Granwood), hard and softwood, particularly very old porous timber. Durability of the seal can be prolonged by application of a polish/dressing once full cure has been achieved.

- Gives a gloss finish
- Oleo-resinous and penetrating finish
- Contains linseed oil
- High solids formulation
- Free flowing
- Easy to apply

Available in:

5 Litres

Granseal Heavy Duty is a blend of oleo-esinous varnishes and white spirit. Free-flowing and extremely easy to apply. Seals off the floor, preventing the absorption of grease and dirt, whilst offering good protection to the surface.

Ideal for use on new hardwood or mosaic, whenever excessive movement during acclimatisation is likely, allowing individual movement of the timber. Recommended for composition block (Granwood), hardwood block and strip floors, softwood strip, cork and mosaic. Gives gloss finish.

- Oleo-resinous and penetrating finish
- For heavy duty areas where a traditional finish is required
- High solids formulation
- Free flowing
- Easy to apply

SOLVENT BASED SEALS & LACQUERS

SOLVENT BASED PRIMERS

WATER BASED PRIMERS

Available in:

5 Litres

BARRIER SEAL

Barrier Seal is ethanol based specialist priming coat, designed for use on floors previously treated with solvent wax polishes to prevent potential rejections of floor finish.

It can also be used as a precautionary measure on reclaimed wood that has been machine sanded (moisture content of reclaimed timber should be checked prior to application of Barrier Seal).

- For previously waxed or reclaimed wood floors
- Traditional formula
- Easy to apply
- Very fast drying

GP BINDER SEAL

GP Binder Seal is ideal for use on reclaimed timber or floors with unknown history of previous coatings. Additionally, it provides a fast method of priming/bonding porous timber and cork.

GP Binder Seal will also help enhance the colour of certain timber, but it is suggested that a test area is conducted prior to full use to ensure compatibility.

GP Binder Seal is compatible with all Granwax finishes. If used beneath any other manufacturers finish, a test area should be carried out prior to full use to ensure compatibility. Binder Seal cannot be used as a final floor coating.

Available in:

5 Litres

For any surface known to be heavily contaminated, please contact us for advice before commencing work.

SOLVENT BASED PRIMERS

Available in:

5 Litres

GP BASE

A fast drying base coat for new wood floors or refurbished wood flooring that has been sanded, prior to the application of the chosen Granwax water based finish. Ideal for use on strip, block and mosaic wood flooring that has no previous history of residual wax. Helps minimise grain raising and will enhance natural wood colour.

- Base coat for Granwax waterbased floor finishes
- Fast drying: approximately 1 hour
- Easy to apply
- Low odour
- Will enhance natural wood colour

Available in:

2.5 Litres

GP BASE (PIGMENTED)

A fast drying coloured base coat for new wood floors or wood flooring that has been sanded, prior to the application of the chosen Granwax water based finish. Ideal for use on strip, block and mosaic wood flooring that has no previous history of residual wax. Available in White, Grey and Black from stock. Other colours/shades are available upon request. We also offer a bespoke colour option. Please contact us for details.

- Fast drying - approximately 1 hour
- Easy to apply
- Low odour
- Available in White, Black and Grey
- Other colours and bespoke colours available upon request

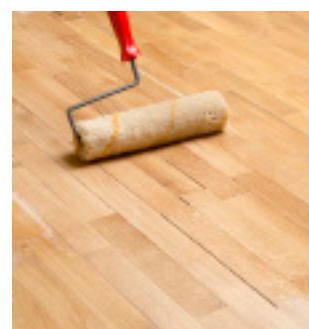

WATER BASED PRIMERS

HARDWAX OIL CLEAR

Hardwax Oil (Clear) is a blend of natural oils and waxes offering exceptional durability and resistance for new and refurbished wood floors, as well as wooden kitchen worktops. It is easy to apply, with no sanding required between coats, and produces a water repellent treadfast finish. It is also easy to maintain. Clear Hardwax Oil is available in three sheen levels - Satin, Matt and Ultramatt.

- Exceptional durability and resistance
- Hardwearing for heavy use areas
- Suitable for new and refurbished floors
- Easy application
- Easy to maintain

Available in:

1 Litre

2.5 Litres

5 Litres

HARDWAX OILS

HARDWAX OIL COLOURED

Hardwax Oil (Coloured) is a blend of natural oils and waxes offering exceptional durability and resistance for new and refurbished wood floors, as well as wooden kitchen worktops. It is easy to apply, with no sanding required between coats, and produces a water repellent treadfast finish.

It is also easy to maintain. Hardwax Oil (Coloured) produces a Satin/Matt finish and is available in four colours: Whiskey, Onyx, Antique and White.

- Exceptional durability and resistance
- Hardwearing for heavy use areas
- Suitable for new and refurbished floors
- Easy application
- Easy to maintain

Available in:

1 Litre

2.5 Litres

HARDWAX OILS

Note: Always trial product before full use to ensure acceptable results. Be aware that variations in wood and finishing techniques will alter the final appearance. The application of additional coats will deepen the existing colour/shade. Do not mix dyes with finishes.

WOOD FLOOR DYES

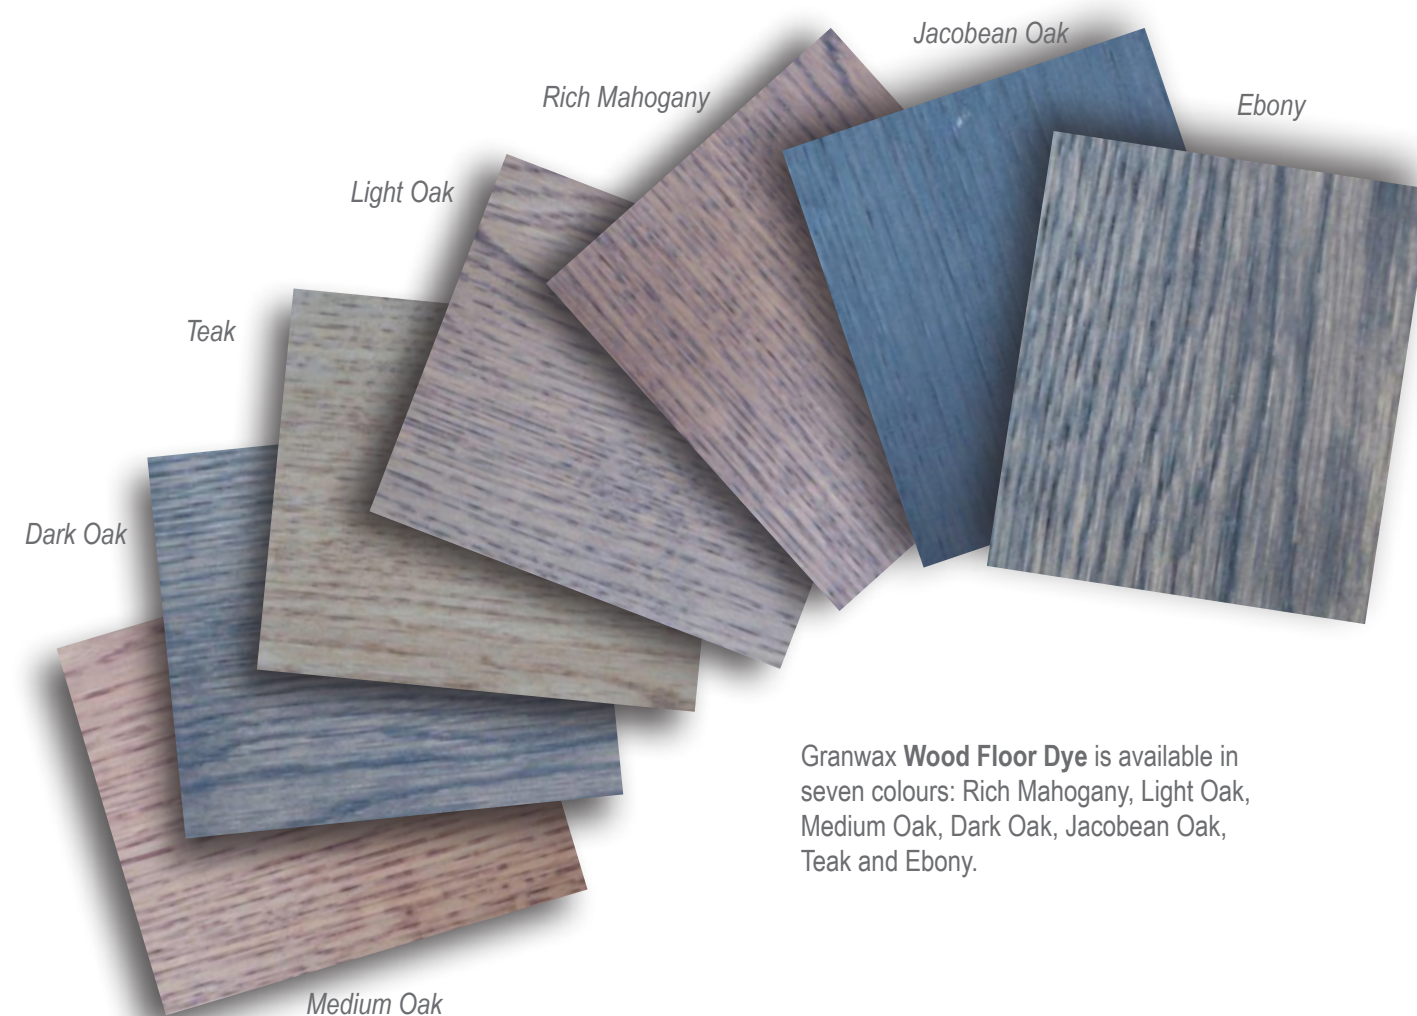

Granwax **Wood Floor Dye** is a solvent based wood dye offering exceptional depth of colour on all interior wood surfaces. It is easy to apply, fast drying, and can be used prior to coating with all Granwax water-based and white spirit based finishes (not suitable for use with Granguard or Granstone). It is recommended for use on wood floors, but may also be used on other wood surfaces and products, such as doors, furniture and panelling.

Granwax **Wood Floor Dye** is available in seven colours: Rich Mahogany, Light Oak, Medium Oak, Dark Oak, Jacobean Oak, Teak and Ebony.

- Exceptional depth of colour
- Easy to apply
- Fast drying
- Available in seven colours

Available in:

Granwax **Wood Floor Dye** is available in seven colours: Rich Mahogany, Light Oak, Medium Oak, Dark Oak, Jacobean Oak, Teak and Ebony.

CLEANERS, MAINTAINERS & STRIPPERS

Available in:

5 Litres

ALKALINE CLEANER

Alkaline Cleaner is a concentrated cleaner, designed to assist in the removal of heavy build-up of dirt and emulsion polish from floor surfaces.

Can be used on vinyl, linoleum and thermo-plastic surfaces. Not recommended for use on wood floors unless floor is completely sealed/coated.

- Fast working
- Economical
- Efficiently removes polish and dirt build-ups

SAFETY FLOOR CLEANER

Ezee Safety Floor Cleaner is an extremely versatile cleaner, which can be used to clean all floor surfaces, including Altro flooring. Its degreasing properties make it ideal for use in kitchens and restaurants, as well as corridors, bathrooms/toilet areas, schools and offices.

Ezee Safety Floor Cleaner can also be used as a 'spot' cleaner to remove stubborn shoe marking from sports flooring.

- Extremely versatile
- Degreasing properties
- Spot cleans to remove stubborn stains

Available in:

5 Litres

Available in:

5 Litres

GRANGEL

Grangel is a natural pine jelly heavy duty cleaner suitable for a range of cleaning and deodorising purposes. It is particularly suitable for hard floor surfaces including ceramic and quarry tiles, linoleum, vinyl, sealed timber and cork.

Grangel will also give excellent cleaning results on walls and paintwork as well as being ideal for toilet blocks, showers and bath areas as it rinses freely and leaves a fresh pine aroma.

- Natural heavy duty cleaner
- Suitable for a range of hard floor surfaces
- Ideal for toilet blocks, showers and bath areas
- Fresh pine aromas

Available in:

5 Litres

JADEX

Jadex is a blend of biodegradable neutral detergents designed for general cleaning use, e.g. floors, walls, paintwork, hard surfaces, windows, plastic, glass, vehicles, etc. Jadex can also be used for dishwashing and mild washing of fabrics.

- General purpose neutral cleaner
- Multiple uses
- Economical to use

CLEANERS, MAINTAINERS & STRIPPERS

CLEANERS, MAINTAINERS & STRIPPERS

Available in:

LIFT-OFF

Lift-Off is a powerful blend of alkalis and degreasing solvents, designed for the removal of metallised and non-metallised emulsion polishes. Also recommended for the cleaning of safety flooring and removal of oleoresin finish build-up and some adhesive residues.

Lift-Off can be used on sealed wood, composition block, vinyl, thermoplastic and stone surfaces. Not to be used on linoleum or unsealed/uncoated wood floor surfaces.

- Fast acting polish stripper
- Heavy duty floor cleaner

NEUTRASOL

Neutrasol is an acid based neutralising agent to be used in the rinsing water after cleaning with an alkaline cleaner. **Neutrasol** should be added direct to the rinsing water. The amount added depends on the strength of the alkaline cleaner being used.

- Neutralising agent

Available in:

Available in:

POWERCLENS

Powerclens is a neutral multi-purpose hard surface cleaner/degreaser, which can be used for a large variety of cleaning applications in all types of locations. Fast, efficient and economical to use.

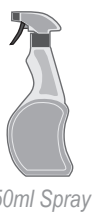

- Neutral cleaner/degreaser
- Multiple uses

WOOD FLOOR CLEANER

Ezee Wood Floor Cleaner has been specifically designed to make the cleaning of wood floors quick and simple. Ideal for use on all types of wood and laminate floors, including pre-finished flooring systems. It is also suitable for most types of hard floor surfaces, including vinyl.

- No dilution required
- Non-smear formulation
- Non-abrasive rinse-free formulation
- Pleasantly perfumed

Available in:

CLEANERS, MAINTAINERS & STRIPPERS

CLEANERS, MAINTAINERS & STRIPPERS

Available in: **SPEEDKLEEN**

Speedkleen is a buffable floor cleaner and maintainer formulated to offer easy cleaning and protection to hard floors. Containing a blend of detergents and slip retardant polymers, as well as being pleasantly perfumed it gives excellent results on hard surfaces and is suitable for sealed timber, cork, PVC (vinyl), thermoplastic, linoleum, sealed asphalt, magnesite and composition.

- *Pleasantly perfumed*
- *Non-dusting*
- *Easy cleaning*

SPORTSCLEAN

Granwax **Sportsclean** is a fast acting cleaning product specially designed to remove all types of sports hall floor soiling quickly and effectively without the need for rinsing or neutralising.

Ideal for use on wood, Granwood & Gransprung floors and other types of sports and general purpose flooring. Regular use of Granwax Sportsclean will result in a clean surface with good tractional properties, essential for sporting purposes.

- *Sports hall floor cleaner*
- *Highly effective cleaner*
- *Aids traction, improves, restores*

Available in:

Available in: **SWIFT DEGREASER**

Swift is a highly efficient alkaline multi-purpose hard surface cleaner and degreaser, which can be used for a large variety of cleaning applications in all types of locations.

Swift can be used with a conventional cleaning system (mop, bucket and wet/dry vacuum) for preparing Gransprung/Granwood and wooden floors prior to re-finishing and for periodic cleaning of sports floors and areas subject to heavy use. Please refer to our floor preparation data sheets.

A low foam version of Swift is available for use in automatic scrubber/dryer machines.

- *Alkaline cleaner and degreaser*
- *Multiple uses*
- *Economical to use*

SWIFT LOW-FOAM

Swift Low-Foam is specifically formulated to use with an automatic scrubber/dryer machine. It is a low foaming, highly efficient alkaline multi-purpose hard surface cleaner and degreaser.

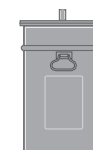

Swift Low-Foam should be used for preparing Granwood/Gransprung and wooden floors prior to re-finishing and for periodic cleaning of sports floors and areas subjected to heavy use.

- *Alkaline cleaner and degreaser*
- *Low foaming for use in scrubber/dryer machines*

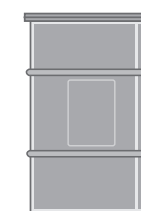

Available in:

5 Litres

20 Litres

210 Litres

CLEANERS, MAINTAINERS & STRIPPERS

CLEANERS, MAINTAINERS & STRIPPERS

Available in: **PROTEX**

5 Litres

Protex is a blend of highly efficient bactericide, fungicide and cleaning agents, for use on all hard surfaces, floors, walls, paintwork, particularly in locations where a disinfecting cleaning action is required, e.g. medical establishments, washrooms, toilet areas. Effective against bacteria strains, such as Salmonella, E.Coli and Listeria. Contains a pleasant perfume, which leaves surfaces smelling fresh and clean. Tested to BS EN 1276:2009.

- Highly efficient fungicidal disinfecting cleaner
- For use on hard surfaces, floors
- Fresh, clean fragrance

GRANOSAN

Granosan is an odourless, non-tainting, multi-purpose sanitiser, detergent, de-odouriser and antiseptic, containing a blend of Q.A.C. bactericide, non-ionic detergents and water softening agents. Effective against bacteria strains, such as Salmonella, E.coli and Listeria. Also, fungi's, algae's, and yeasts. Safe to use on food preparation surfaces and food storage areas. Tested to BS EN 1276:2009

- Multi-purpose sanitiser, detergent and deodoriser
- Non-perfumed, ideal for cleaning food preparation areas, worktops etc
- Effective against a broad range of organisms

Available in:

5 Litres

ANTI-BACTERIAL CLEANER

Anti-Bacterial Cleaner is a multi-purpose sanitiser, detergent and deodoriser. Effective against bacteria strains, such as Salmonella, E.coli and Listeria. Anti-Bacterial Cleaner is ready-to-use, no dilution required. Non perfumed, ideal for direct use on food preparation surfaces and food storage areas. Tested to BS EN 1276:2009.

- Multi-purpose sanitiser, detergent and deodoriser in ready-to-use spray bottle
- Non-perfumed, ideal for cleaning food preparation areas, worktops etc
- Effective against a broad range of organisms

Available in:

POLISH & FLOOR CARE

Available in:

5 Litres

TUFSHEEN

Tufsheen is a high solids metallised emulsion that offers an extremely durable finish and lasting shine with a high degree of resistance to soiling, water spillage and neutral detergents.

Ideal for use on wood, Granwood, cork, asphalt and concrete (these types of floors must be sealed/coated). Also thermoplastic, linoleum and vinyl. Should not be applied to floors used for sporting activities.

- High solids metallised emulsion
- Extremely durable
- Lasting shine

GRANSHIELD

Granshield is a fast drying emulsion with a bright tough finish. Offers maximum protection, gives a more durable finish and is resistant to neutral detergents.

Ideal for use on wood, Granwood, cork, asphalt and concrete (these types of floors must be sealed/coated). Also thermoplastic, linoleum and vinyl. Should not be applied to floors used for sporting activities.

- Metallised emulsion polish
- Bright, tough finish
- Offers maximum protection

Available in:

5 Litres

Available in:

750ml Bottle

5 Litres

EZEE WOOD FLOOR ACRYLIC POLISH

Ezee Wood Floor Polish is a semi-buffable polish, which offers a good durable finish that combats scuff marks and protects wood floors quickly and simply. It is ideal for use on all types of wood floors, including pre-finished flooring systems (should not be used on melamine).

- Fast drying
- Durable
- Dries to a sheen
- Easy to apply

SAFE STEP

Formulated with safety in mind. Anti-slip, non-dusting and fully burnishable. For use on floor areas normally treated with solvent-based wax or water-based emulsions.

Suitable for sealed wood, cork, PVC tiles, vinyl, thermoplastic, linoleum, sealed asphalt, magnesite, and composition.

- Fast drying water based emulsion cream
- Fully burnishable
- Offers excellent tractional properties

Available in:

EZEE CARPET PRE-TREATMENT

Ezee High Performance Carpet Pre-Treatment is a general purpose carpet pre-spray, highly effective on heavily soiled and greasy areas. Recommended for carpet treatment prior to using EZee High Performance Carpet Shampoo.

INSTRUCTIONS:

Vacuum carpet and test for colour fastness with this product before full use. Ezee High Performance Carpet Pre-treatment can be diluted with up to 40 parts water, depending on soilage, or used neat. Apply by sprayer to affected areas. Agitate with carpet pile brush. Clean the treated areas with EZee High Performance Carpet Shampoo.

EZEE CARPET SHAMPOO

Ezee High Performance Carpet Shampoo is a low foam detergent based carpet cleaner, giving excellent cleaning results. It can be used manually and in hot water extraction machines. No defoamer is required.

INSTRUCTIONS:

Vacuum carpet and test for colour fastness with this solution before shampooing. Dilute 1 part EZee Carpet Shampoo to 80 parts warm water. After shampooing and when dry, lightly vacuum carpet or fabric.

Available in:

5 Litres

EZEE SPOT AND STAIN REMOVER

Ezee High Performance Spot & Stain is a highly concentrated blend of cleaning detergents, solvents and cleaning agents. It is highly effective in the removal of most food and beverage stains in carpets. Supplied in trigger spray bottle for direct use.

INSTRUCTIONS:

For best results, treat stain or mark as soon as possible. Test for colour fastness before full use. Apply EZee High Performance Spot & Stain direct to the stained area and lightly agitate. Remove by use of absorbent cloth or paper wiper. Stubborn stains may require a second application.

Available in:

750ml Spray
