

EZEE WOOD FLOOR CLEANER

- Easy to use by trigger sprayer application
- Non abrasive, non smearing, rinse free
- No dilution required

Product Information

DESCRIPTION:

EZee Wood Floor Cleaner has been specifically designed to make the cleaning of wood floors quick and simple. Ideal for use on all types of sealed/coated wood and laminate floors, including pre-finished flooring systems. Also suitable for most types of hard floor surfaces, including vinyl. Supplied in 750ml trigger spray bottles for ease of use.

EZee Wood Floor Cleaner can be applied direct to a dry mop or cloth by trigger sprayer. It does not require dilution, thereby eliminating the possibility of 'over-wetting' floors, which is particularly important on new hardwood floors. The non-smear formulation makes spot-cleaning easy by simply wiping away spillages and marks, leaving surface clean without smears. EZee Wood Floor Cleaner does not contain harsh alkali's or acids, ensuring that the floor surface is not dulled or damaged during regular cleaning. This is particularly important on gloss or silk finishes. Can also be used for maintained polished floors surfaces. Pleasantly perfumed with a clean, fresh fragrance.

PLEASE NOTE: EZee Wood Floor Cleaner should not be used on hardwaxed or oil finished floors. Granwax EZee Hardwaxed Floor Maintainer should be used for this type of floor. In instances where your wood floor is subjected to heavy use, or in areas where abrasive material may cause excessive scratching, it may prove advantageous to treat your floor with Granwax EZee Wood Floor Polish. Please refer to the relevant product data sheet for full information or contact us or your product supplier for advice.

INSTRUCTIONS:

Simply spray EZee Wood Floor Cleaner onto a suitable flat sweeper or dry mop and wipe over surface to remove dust and general dirt. Spillages may be removed by spraying directly onto an absorbent cloth and wiping the surface.

STORAGE:

Store in a cool, dry place. Protect from frost. Keep out of the reach of children.

HEALTH AND SAFETY:

For full health and safety information, please refer to the product Material Safety Data Sheet.
